

Main Campus Map

Your loved one is in room # _____

Pavilion _____

Department _____

Hospital Directory

for patients, visitors, and vendors

This diagram depicts the location of major services in the four pavilions on our campus, and shows where there is access between Pavilions on the floor levels that connect.

Color coding here relates directly to the signage colors on the floor levels in the Pavilions for easy wayfinding.

- The only public connection to the Oak Pavilion is through the **Lobby (L)** (interior) Cedar elevators
- No more "Registration" on Level 2. **Go directly to your destination to check in.**
- There is no Level 2 in the Oak Pavilion because surgery suites (Level 1) have higher ceilings
- The **Creekside Café** (formerly Greenbrae Grill) remains in Redwood Pavilion, Level 1, and can only be accessed through the Redwood elevators or (interior) Cedar elevators.
- **Please check the map!** There are two ICUs in two different buildings, two Medical & Surgical floors (with 3 pods) and two Cardiac floors. Location Services and Antenatal Testing are no longer located next to Maternity Care.

Cypress Pavilion		Redwood Pavilion		Cedar Pavilion		Oak Pavilion		
		Outpatient Infusion 5	Observation Care 5200 Pediatric Care 5200	(Staff Only)	5			
		(Staff Only)	4	Lactation Services Antenatal Testing	4	Medical & Surgical Care 4500 Spiritual Care	4	Medical & Surgical Care 4600
